FIBRE KEEPS YOU MOVIN'

...especially for our construction crews!

Summertime at TCC means Fibre Construction is under way again! It is a busy time of year for all our outside staff as we strive to get as much Fibre as possible laid each season.

The following towns are in our Summer 2015 plan; Varna, Brucefield and Chiselhurst. Also, sections of Parr Line, Highway 8, Highway 4, and Front Road are all on track for completion this year with hook-ups Spring 2016.

Fibre optic technology allows a near limitless amount of expendability, providing on-going access to the most advanced data network architecture in the world. Fibre will future-proof your home to ensure you continue to have access to faster Internet speeds, high quality digital television service and clearer telephone calls. Investing in fibre optic technology is investing in you and your residence. For further information on the project, or for more information on our services please contact the business office at 519-263-2211

Over Farm & Field

A CHANNEL ONE ORIGINAL SERIES

Thursday, July 9th at 7.30pm marks the beginning of our Over Farm & Field original series. This 4-part mini-series was created just for our Channel One viewers and highlights the history of flight in Huron County & beyond. Tune in every Thursday night for new episodes.

A wide variety of topics will be documented including, what does it take to fly?, spot landing competition, CFB Clinton, Home of Radar, Goderich Airport, Apex Helicopters Drone Flyovers, RCAF Station Centralia and many more!

HERE WE GROW AGAIN!

Brussels Location Coming Fall 2015

It is exciting times around here at Tuckersmith Communications. We are pleased to announce the opening of our fifth location on main street Brussels! In an effort to have our local presence felt throughout our entire territory, Brussels was the most logical next step. We are very excited to join the Brussels downtown core later this Fall and bring our full range of services with us.

Keep an eye out for renovations starting soon and more information via our Facebook page and future newsletters.

✂️ \$100 off

you've been waiting to switch ... now is the time!

SMARTPHONES

We have all the latest, greatest smartphones and truly unlimited talk & text plans for the whole family! Hurry in! ✂️

OUR SELF-SERVE APPLICATION IS CHANGING

August 2015 we will be launching an entirely new self-serve application called SmartHub. SmartHub is a tool that will allow all our customers to manage their accounts with mobile and Web apps fully integrated with our billing system. This customer self-serve solution is designed for the Web and mobile devices, to deliver account information, mobile payments and more in a secure environment.

With SmartHub, customers will be able to view their billing, usage, and payment history, pay bills with Credit, Debit, go paperless by opting out of receiving paper bills in the mail and contact our office - just to name a few!

Stay tuned for more information coming soon. Please contact our office to sign up at anytime.

GO GREEN with TCC!

Ask us about switching to e-bill for your monthly statements.

TCC IN YOUR COMMUNITY

Summer is our favourite time of year at Tuckersmith Communications. All our small tourist communities are booming with events, travellers and lots to do. As your local co-operative it is important to us to give back to local community projects.

This season, TCC has donated to numerous causes throughout our region. Enhancements to the Vanastra Recreation Centre was a large project that we participated in. In Bayfield, two events stand out - the Annual Safe Harbour Run and the Blue Communities initiative. In late May St. Anne's Catholic Secondary School held a color run to raise money for a clean water facility and health care clinic in Ghana. One of our favourite events every year is the 'Toss 'Em Up For Childhood Cancer' held by the Van Dyke family. All these events and initiatives are such a great reflection of communities coming together for a common cause and we are very happy to support each one of them.

Check out our Facebook & Twitter every Tuesday for a new 'How-To Tuesday' installment, answering our most commonly asked questions!

Blue Communities Project

THANK YOU

for making a difference in our community!

TOSSE'EM UP FOR CHILDHOOD CANCER
